Dear Cousins
What a pleasent surprise you gave all of us, when your announcement reached us. And if it isent to late in the day I send my Congratulations and best wishes for all the rest of the family. I was at home on my vacation when we got your letter and Mother wanted me to write to you for her. I have just neglected writing from day to day. it seems there never

is any time. Wilber has been sick nearly all Summer with typhoid pneumonia it has left his lungs in a bad shape but they are improving slowly now if he doesn't get any more cold. The rest of the family are quite well.

I am still at Warren but want to go to Pittsburgh as soon as I can get into the school.

Well Edith I suppose you are permanently settled in California, but you will perhaps bring your husband and come in East on a visit. And we will all be glad to see you both. any time you

Can Come.
I haven't been home for about 5 wks. so don't know very much Berlin news but any questions you care to ask I will try and answer for I expect to go home next Sunday.
Now write real soon to me Edith and tell me about your home. With Love to you both I close.
#120 N. Elm St. Your Cousin Amy
